

Bridget A. Stecher

I am running for the Board of Trustees to serve the Lions Head residents who have chosen this beautiful community as home before and after retirement. My husband, Angelo Racaniello, and our spoiled Tuxedo cat, Buddy, enjoy our home, birdwatching, and the pool! Our community benefits from the many volunteers who work tirelessly on committees, and I want to foster more involvement. My decades of service include over 10 years as a Trustee for Montclair's Senior Care and Activities Center, where I helped identify funding sources and worked with our Board President on programs, and 20 years as a Trustee for the Distler Gardens Condominium Association in West Caldwell, handling all association budgeting and decision-making. I'm an owner/participant in the West Caldwell Office Park Condominium Board of Trustees meetings, addressing community maintenance, repairs, and planning. I volunteer as bookkeeper for the North Carolina South Beach Salvo Homeowners Association, assisting with legal issues, bids, hiring maintenance personnel, collections, and all property issues. I have been a licensed attorney for over 30 years, specializing in real estate, estates, and investment banking, and I am very familiar with budgeting and data analysis. My goal is for the Board of Trustees to function with respect and accuracy, provide guidance to residents on community matters, include resident members in community functions and decisions, and foster mutual respect among Administration, Board Trustees, Officers, and Committee members.
